

Meeting Minutes – Team 18

Location: The Rack Computer Cluster
Date: Tuesday 1st March 2016
Time: 12:00

Attendees:

Ariela Bawol, Alex Bridges, Andros Zantis, Daniel Coutts, Justyna Cichosz, Lewis Harvey, Toby Dent, Yousaf Hussain.

Agenda Items:

1. Apologies for absence:

N/A.

2. Approval of minutes of previous meeting:

The minutes were approved by all team members.

3. Database Progress:

- Toby wrote most of the queries and methods needed to search for different types of recipes. Implementing them in Android Studio should not be hard.
- Queries for a combined search are still to be implemented. At the moment each query returns a list of suitable recipes, so the easiest way would be to combine the required (two or more) lists together, but remove the duplicate entries.
- Rolling the database into the application needs to be discussed between the implementation team, which will be done on Friday.
- Toby will create the ER diagrams and other database documentation needed for the final specification.

4. Implementation Progress:

- The implementation sub-team has been busy working on the final specification, so no programming progress was made.
- Daniel consulted us with some points for the overview section of the application's main components.

5. Specification progress:

- Ariela formatted and proof-read the specification, and uploaded the newest version to Facebook on Saturday.
- The implementation sub-team has updated the specification since then so Alex will re-upload it. Yousaf will compile a new to-

do list based on this version so that we know which sections are still missing.

6. Any Other Business:

- The deadline for the Trade Fair Poster is 11th of March. Ariela and Alex are both working on other versions of it. The original Dyne logo file is needed, so Justyna will email it to the both of them.
- All team members need to update their timesheets on Google Drive. Please include the Tuesday meetings on them.

7. Date and place of next meeting:

- Friday 4th of March at 15:00 in the Rack.
- Tasks to be completed by Friday:
 - Every team member:
 - Printed copy of your timesheet.
 - Final specification.
 - Poster for the Trade Fair.

Meeting closed at 12:20.
